help Canine Partners?**

# Give The Dog a Bone!

Canine Partners is a charity which depends on donations to enable us to train dogs to support a person with disabilities. If you would like to help us, here's one activity you can try.

- 1. Cut out two bones, one with five holes in it the size of a £1 coin. Stick both bones together on a piece of cardboard (a cereal box will do) to make it nice and strong.**
- 2. Your task is to cover the holes in the bone with coins that you earn over the next week by doing jobs, being kind or helpful to others, or any activity that you wish to add. See what you can come up with!**

Please bring the bone and stuck on coins back on.....so that your leader can hand them over to us.

Buttons says "Thank you for your help".
