

Canine Partners

Amazing dogs. Transforming lives.

Transforming the lives of disabled people using our expertly trained dogs

“Everything feels a little bit better when I have River by my side, even simple things like eating in a restaurant on my own. Having a dog will completely change anyone’s life but having a canine partner is extra special.”

Penny, with canine partner River

Canine Partners

Amazing dogs. Transforming lives.

We train dogs to carry out everyday tasks to help transform the lives of adults with physical disabilities.

Help us to transform lives

Volunteer with our dogs

Could you provide a loving home for one of our dogs during their training to become a canine partner?

Being a volunteer is highly rewarding and fun, offering a chance to learn new skills, meet like-minded people, and do something really amazing by helping to transform someone's life.

Donate

You can support Canine Partners by giving a donation, sponsoring a puppy or playing our weekly lottery.

We rely solely on donations so every pound you give will help us to continue our life-changing work.

Fundraise

There are many ways you can get involved and help us raise vital funds. You could organise a fundraising activity, take part in a challenge, or fundraise via your workplace.

However you want to get involved, we'll support you every step of the way.
